**TI-COATING, INCORPORATED IS PLEASED TO PREMIER  
THE NEXT HARD COATING**

## ***ALOX SN<sup>2</sup>* “Ultra Modern Supernitride”**

Can TiAlN coating be improved? Absolutely! In cooperation with CemeCon Coating Products, Ti-Coating Incorporated is pleased to offer ***ALOX SN<sup>2</sup>***.

***ALOX SN<sup>2</sup>*** is an “***ULTRA MODERN***” TiAlN coating because of its:

- HIGH WEAR VOLUME
- GREAT ADHESION ACHIEVED DUE TO THE NANOCOMPOSITE STRUCTURE AND THE LOW RESIDUAL COATING STRESS EVEN IN THICK COATINGS.
- PATENTED PRE AND POST COAT PREPARATION ENSURES NO IMPERFECTIONS IN INDEXABLE INSERTS
- DESIGNED WITH THE MACHINING OF STEEL, CAST IRON AND HIGH-STRENGTH ALLOYS IN MIND
- HIGH OXIDATION RESISTANCE

***ALOX SN<sup>2</sup>* “***ULTRA MODERN SUPERNITRIDE***”**
